YOU ARE IN SAFE HANDS.

WHY VADO?

We don't compromise on our design or manufacturing – superior quality taps, showers and accessories are our passion. From product design to our seven step hand polishing process, we manufacture our products to last, so whichever range you choose, outstanding quality comes as standard.

VADO products are expertly designed in Cheddar, England, the home of our brand for the last three decades. We are experts in the brassware industry and take pride in our heritage and values. We ensure only the finest materials are crafted into products that not only look premium, they feel it too.

†

H2ECO

VADO has a renowned reputation for creating products that deliver the best possible user experience, yet use water sustainably. With **VADO** H2Eco flow regulators you can be assured that you can use less water without hampering your product's performance or design.* Save water in style with **VADO**.

We all aspire to do what we can to help protect the environment. By fitting **VADO** H2Eco flow regulators to your taps and showers, you can help reduce your carbon footprint.

SAVE WATER
SAVE MONEY
SAVE THE
PLANET.

THE PERFECT CHOICE FOR YOUR HOME.

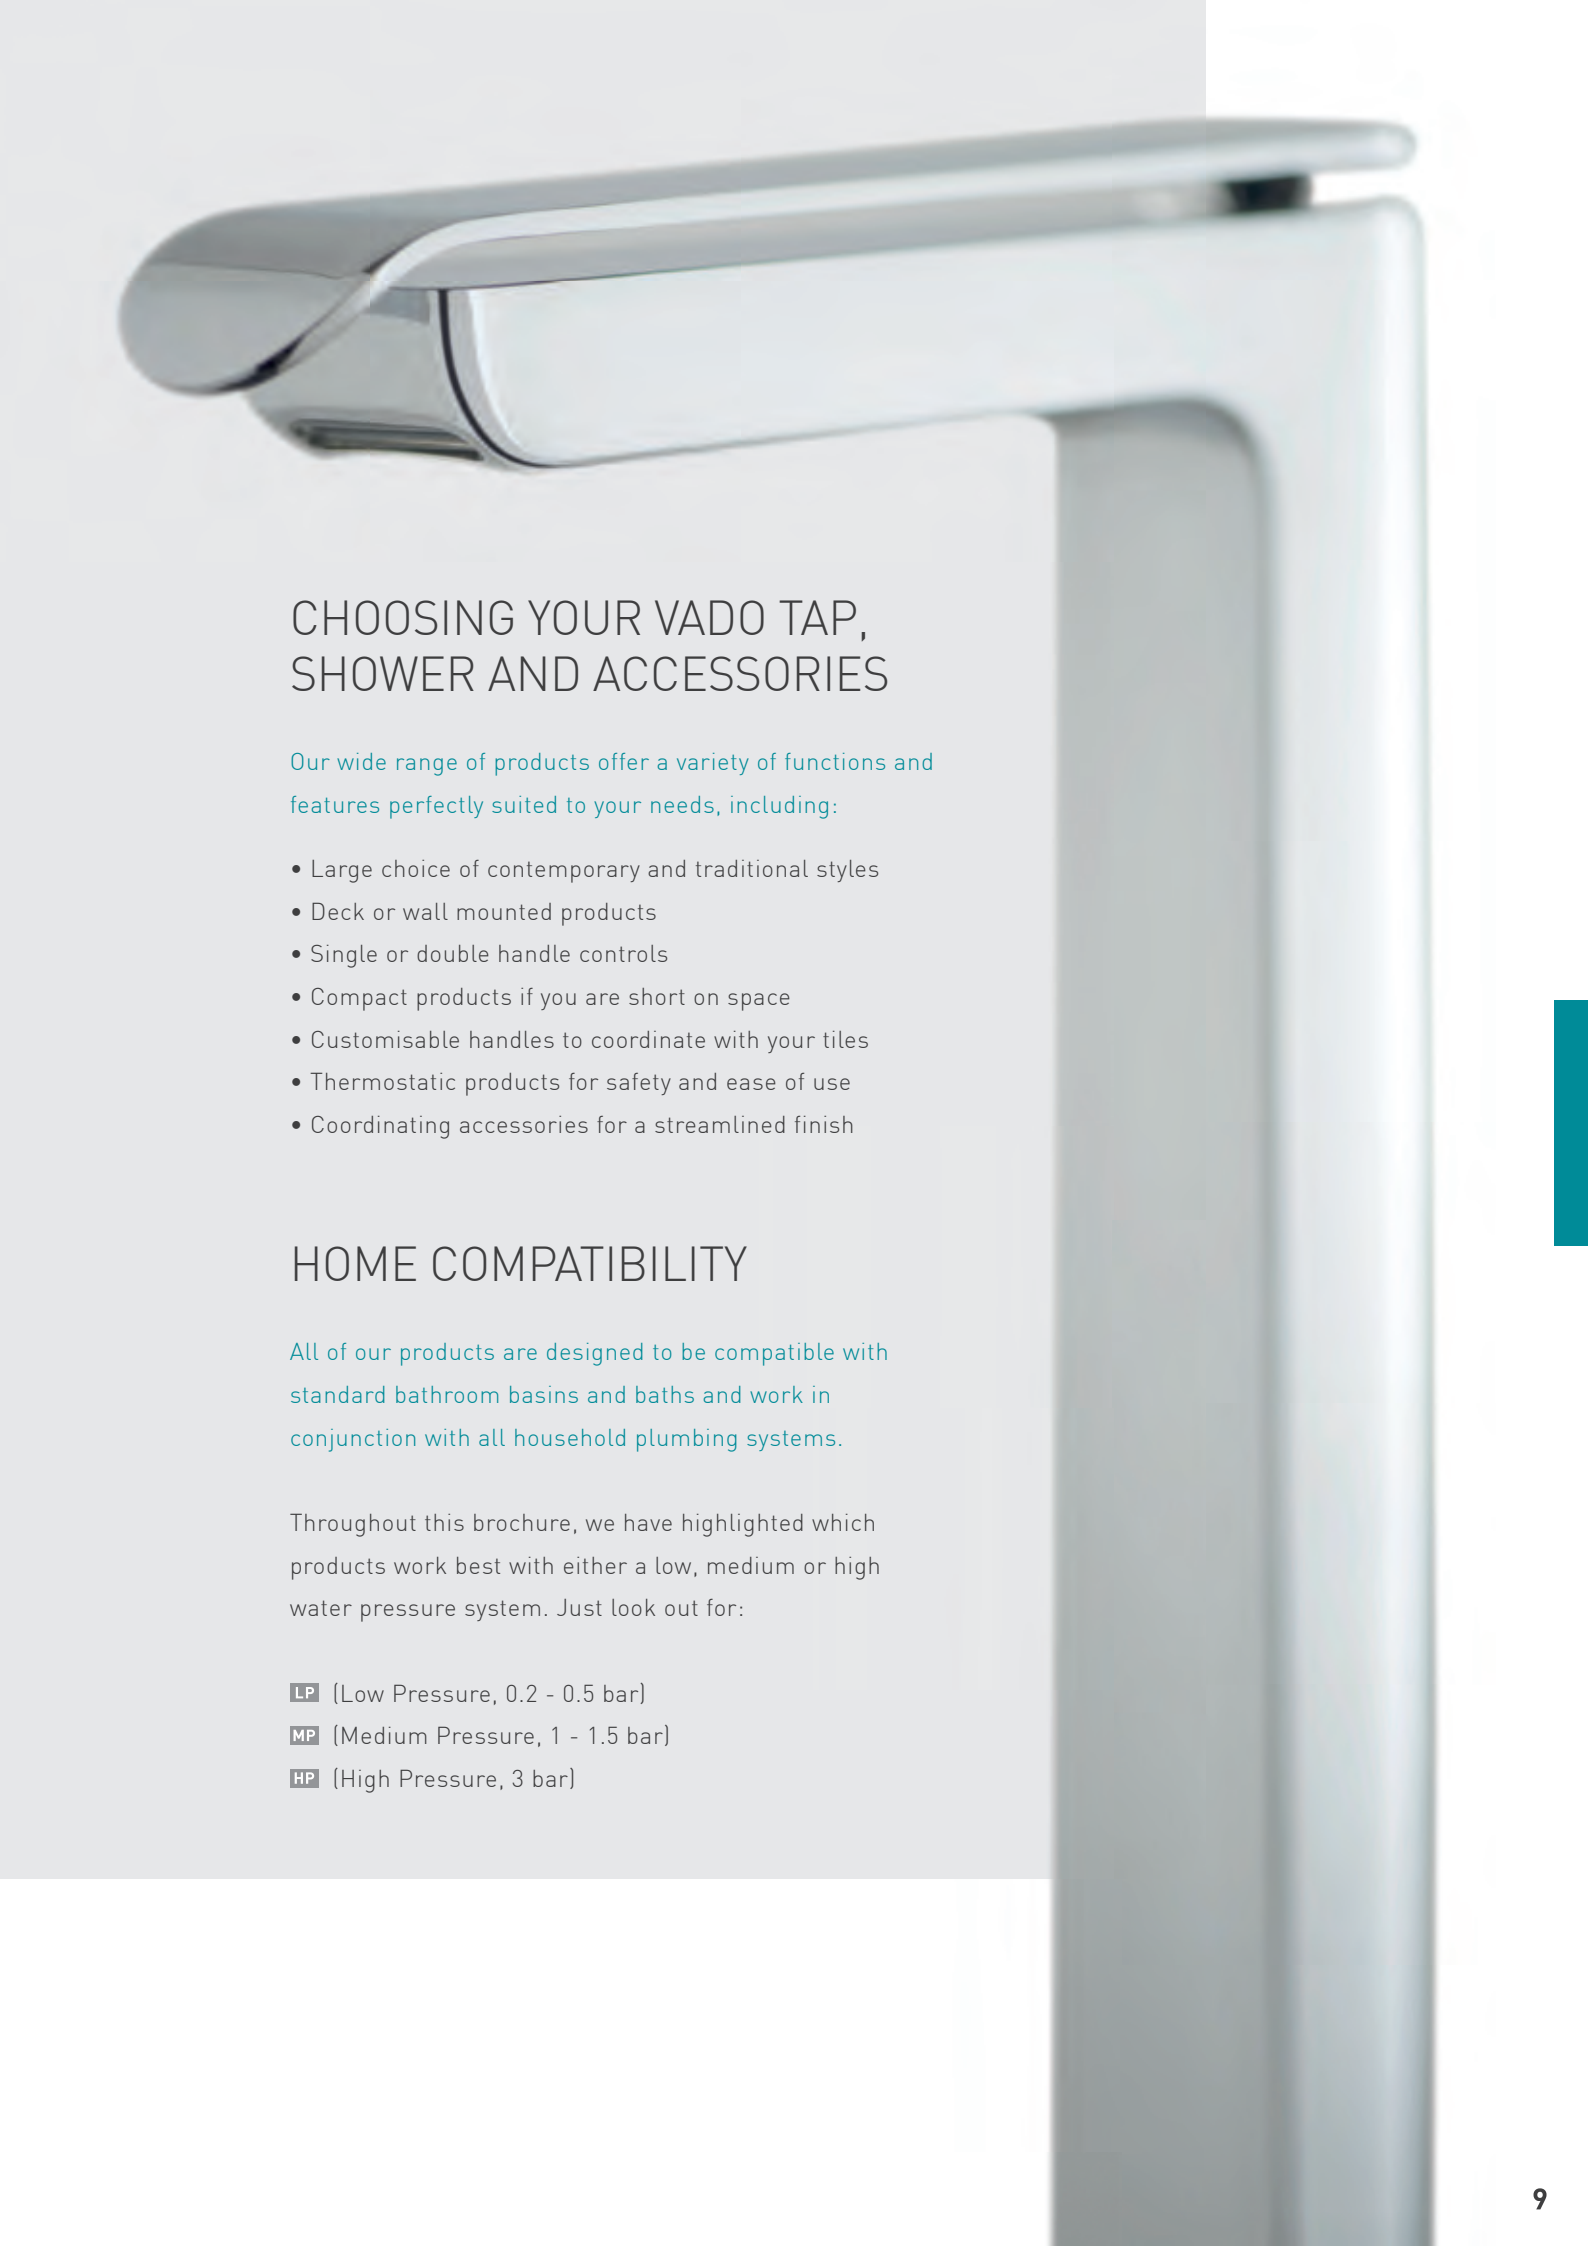

We understand there are a lot of choices to make when searching for your perfect kitchen or bathroom fittings, with an overwhelming amount of confusing information and advice available.

At **VADO** we don't think it needs to be that complicated. We think all you need to know is that when you choose a **VADO** product, you are getting the very best of British design and exceptional quality.

- 15 year guarantee
- Tested to industry leading standards
- Friendly and knowledgeable customer service team
- A product you will love using every day

†

CHOOSING YOUR VADO TAP, SHOWER AND ACCESSORIES

Our wide range of products offer a variety of functions and features perfectly suited to your needs, including:

- Large choice of contemporary and traditional styles
- Deck or wall mounted products
- Single or double handle controls
- Compact products if you are short on space
- Customisable handles to coordinate with your tiles
- Thermostatic products for safety and ease of use
- Coordinating accessories for a streamlined finish

HOME COMPATIBILITY

All of our products are designed to be compatible with standard bathroom basins and baths and work in conjunction with all household plumbing systems.

Throughout this brochure, we have highlighted which products work best with either a low, medium or high water pressure system. Just look out for:

LP (Low Pressure, 0.2 - 0.5 bar)

MP (Medium Pressure, 1 - 1.5 bar)

HP (High Pressure, 3 bar)

DON'T JUST TAKE OUR WORD FOR IT.

VADO products are in some of the most prestigious hotel, commercial and residential developments across the world. This cityscape shows a small snapshot of a variety of prestigious projects we have been involved with.

The exceptional quality of our products, outstanding customer service and our agility to support large scale developments makes **VADO** a globally trusted brand.

OUTSIDE INSIDE.

With wooden surfaces, autumnal shades and open, natural lighting high on the agenda for contemporary bathroom designers, bringing the outside in has never been so important. Made increasingly popular by influencers across the globe, house plants have become the latest to join the outdoor's indoor scene as a quick, easy and effective fix for freshening up the bathroom.

As we look to recreate that sought-after, lounge-like haven, the recent influx of living room furniture has gone hand-in-hand with a range of indoor and outdoor plants; living proof of the bathroom becoming an extension of the house (and indeed the garden).

**THRIVING IN HUMIDITY AND
MODERATE LIGHT**

For smaller bathrooms, hanging baskets and wall mounted shelving can provide the perfect location for spider plants and air plants as they require little attention, obtaining most of their water from moisture in the air. For larger bathrooms, small wooden stools and tables can offer a more aesthetically-pleasing home for ferns, orchids or aloe vera, each thriving in humidity and moderate light. Alternatively, the full-bodied snake plant or Aspidistra plant can happily reside in a complementary pot on the floor.

WG-179M-CP
ATM-SFSRK/2-C/P
SPA-185B-C/P

For those who liken their shower space to a personal rainforest retreat, Chinese evergreens and dragon plants would be an ideal choice for your bathroom, flourishing in steam and low-lit areas. Whilst bamboo epitomise the fascinating colour, form and size that plants can bring to interior design.

The easy to use, flat surface lever, gentle circular lines and sleek surfaces work in harmony to create a modern, yet highly flexible design.

SENSE

The Sense collection is a seamless blend of classic and contemporary design, combining elegant curves and smooth linear elements. Its fluid, circular silhouette adds a touch of understated elegance and simple sophistication to both modern and classic bathrooms.

BATH OR SHOWER?

TAB-148-OMI-C/P | OMI-HEAD-C/P | WG-EFSA/SQ-C/P | OMI-185-20-C/P | OMI-133-C/P

When planning a bathroom renovation, there are lots of choices for you to make; one of these is deciding how to make the most of your space. No matter how big or small your bathroom is, you can incorporate the latest design trends whilst adding your own unique style to achieve a truly exclusive bathroom aesthetic.

The heart of any large master bathroom is always the centrepiece freestanding bath, accompanied by a floor mounted bath tap to create a luxurious, inviting focal point. Alternatively, if you're looking to take the spa experience to the next level, sunken bath tubs will add a touch of grandeur and sophistication.

**COMBINING YOUR
BATH AND SHOWER**

If your bathroom is short on space, why not combine your bath and shower? By adding a wall or ceiling shower over your bath will allow you to gain extra bathing space without hampering your design. For this area, try to avoid using shower curtains. Although far more affordable, shower curtains often reduce light and visual space whereas clear, glass screens will enlarge your bathroom appearance and are much easier to keep clean.

A walk-in-shower embraces the trend for luxurious bathroom living and space maximisation. Boasting stepless access and room for multiple outlets, these shower spaces remain seamlessly connected to the rest of the bathroom for complete visual freedom.

TABLET VALVE

Compact in form and unique in operation, Tablet is an industry-leading thermostatic shower valve that embraces the latest innovations in water performance.

Combining VADO's **all-flow** functionality with industry-leading, thermostatic technology, Tablet ensures a fully immersive showering experience even at low pressure.

Bath Filler Waste and Overflow

DID YOU KNOW?

If you have a shower over the bath, you can thermostatically control your shower and your bath using any of our concealed valves.

Visit pages 94-103 to select your valve.

Controlled by either wall or deck mounted valves, our family friendly bath filler wastes remove the need for protruding bath spouts for a streamlined finish.

The bath filler wastes' minimal, compact design guarantees a simple style statement.

BATH FILLER WASTES

Suitable for contemporary and traditional bathrooms, our collection of bath filler wastes integrate overflow waste and bath fill functionality into one simple solution.

Designed to remove water excess, each bath filler waste also acts as a primary bath outlet; a great way to make a functional plumbing item an integral part of your bathroom design.

ACCESSORISE.

The master bathroom has established itself as the most stylish and sophisticated room in the contemporary home, allowing unique, decorative elements to enter our room of relaxation.

Incorporating fashionable and functional accessories is often the most enjoyable and cost-effective way to refresh your bathroom; a quick and easy solution to keeping your bathroom on trend and clutter free.

OMI-185-20-C/P

When dressing your room with bathroom accessories, it's the small details that will help to complete your desired bathroom design. Contrasting colours can unite the appearance of the whole room, with chrome fittings over darkened surfaces offering a modern appeal and gold metallics delivering a more industrial look.

If you're looking to create space around your basin, a frosted glass tumbler will offer a convenient home for your toothbrush and toothpaste. In addition, a coordinating frosted glass soap dish will certainly provide a smart and stylish alternative to leaving your bar of soap sitting on the corner of your basin.

IND-SPA185B-BLK
Individual by VADO

SHA-186-C/P

THE COLOUR PALETTE OF THE ROOM

Rather than leaving a branded bottle of hand wash in the centre of your basin that conflicts with the colour palette of the room, a chrome soap dispenser will leave your basin clutter free whilst presenting a contemporary finish.

Carefully selecting the colour of your towels will also make a considerable difference to the tone of your bathroom. If your bath and hand towels look tired or clash with the bathroom's colour scheme, you may jeopardise the balance of the room.

How you store your towels can also have a surprisingly effective impact on your bathroom. To avoid leaving your fluffy towels hanging over the bath or on the floor, extended towel rails can prove to be a smart and stylish choice for the master bathroom.

GUARANTEE

All VADO products come with a 2 year guarantee as standard. Within this guarantee period VADO will provide replacement parts and any labour [SEE NOTE 1] needed to complete the product repair.

This standard guarantee may be extended by registering your product to give up to a 15 year guarantee period. Once registered:

VADO chromed brassware and stainless steel products have a 15 year guarantee (2 years parts and labour plus 13 years parts only).

Brassware products from the Individual by VADO collection have a 15 year guarantee (2 years parts and labour plus 13 years parts only).

Booth and Co. chrome and nickel brassware products have a 15 year guarantee (2 years parts and labour plus 13 years parts only).

VADO Sensori SmartTouch and SmartDial products have a 5 year guarantee (parts and labour).

VADO Identity and i-tech products have a 5 year guarantee (2 year parts and labour plus 3 years parts only).

All other VADO products have a 3 year guarantee (2 years parts and labour plus 1 year parts only) [SEE NOTE 2].

GUARANTEE CONDITIONS

Our products are guaranteed against manufacturing defects from the date of purchase until the expiry of the relevant guarantee period shown above.

The guarantee is only valid if:

1. The product has been installed, used and maintained (maintenance guidelines can be viewed [here](#)) in accordance with VADO's instructions and subjected to normal use only.
2. The defect is not due to use of an unsuitable or inadequate water or power supply.
3. The defect is not due to accident, misuse, neglect or incorrect/inappropriate repair (other than by VADO or VADO authorised agents) or damage caused by foreign objects or substances.
4. The extended guarantee is only available if you have completed the Guarantee Registration Process. This can be done via the VADO website or via phone to our aftersales team. Registration must be completed within 6 months from date of purchase.

Under the extended guarantee period VADO will, at its option, offer to supply any replacement product (or component part) assessed to be defective [SEE NOTE 3].

The guarantee (whether standard or extended) is non-transferable to any subsequent owner.

All claims under the guarantee should be notified in the first instance to our Aftersales department, contact details below, this must be done no later than the last day of the relevant guarantee period. All claims must be accompanied by proof of purchase (sales receipt or delivery note) from an official VADO dealer.

The guarantee does not extend to any consequential loss or damage.

After repair or replacement, the relevant guarantee period will be calculated from the original date of purchase.

VADO operates a policy of continuous product development and therefore reserves the right to change the product, packaging and documentation specifications without notice.

NOTES:

[1] Labour via our engineer network is only available in the UK. Attendance by a VADO engineer or sub-contract engineer will be under our standard terms and conditions.

[2] VADO spare parts and shower hoses are under a parts only guarantee.

[3] VADO reserves the right to charge in advance for a product (or replacement part) pending collection and investigation (at VADO expense) to confirm a defect is due to a manufacturing issue. If a defect is found the charge will be refunded or cancelled. This guarantee is in addition to and does not affect your statutory rights as a consumer.
